

2020-2021 NEW COMMITTEE WELCOME

HOLDFAST MODEL AERO CLUB
WEDNESDAY 16 SEPTEMBER 2020

Thoughts on our role . . .

1. We serve the members
2. Safety, fun and education
3. Welcoming to all people, ideas, and all things that fly . . . within certain safety limits  
4. We serve and support all levels of interest
5. Not all members want a social club, while others only want that  
6. There are many reasons for joining HMAC

Thoughts on the next year...

1. Membership goals
2. The new normal
3. Communications, transparency
4. Field maintenance and improvement
5. Look to the future to keep HMAC sustainable
6. Threats and opportunities
7. Fly more!

Last thoughts

1. We can work together and individually
2. We don't have to discuss or vote on everything little thing as a committee
3. Email and Zoom can make communications easier, and more difficult at the same time
4. Involve other members who want to help
5. Have fun!

THANK YOU
